EXECUTIVE SUMMARY

A highly motivated Computer Science Engineering graduate with expertise in Python programming and software development. Through hands-on internships and academic projects, I have gained practical experience in web development and problem-solving. Passionate about developing innovative solutions, contributing to technological advancements, and continuously enhancing my skills to drive growth in the tech industry.

EDUCATIONAL CREDENTIALS

Bachelor of Engineering (Computer Science and Engineering) September 2020 – June 2024
Solamalai College of Engineering, Madurai
CGPA: 8.15

Higher Secondary Certificate (HSC) June 2018 – March 2020
A.P.T Durairaj Higher Secondary School, Madurai
Percentage: 67%

Secondary School Leaving Certificate (SSLC) June 2017 – March 2018
A.P.T Durairaj Higher Secondary School, Madurai
Percentage: 80%

WORKSHOPS & WEBINARS

- Completed the 'Entrepreneurship Awareness Program' conducted by ICT Academy under HDFC Bank Parivartan's CSR initiative on December 3, 2021.
- Participated in the 'Machine Learning Solutions for Image Processing' Applications using Python workshop at Mepco Schlenk Engineering College on December 2-4, 2021.
- Attended the 'Virtual Workshop for Robotics Future Trends', coordinated by Solamalai College of Engineering under the e-Yantra initiative on May 21, 2021.
- Participated in the 'One Day International Webinar on Emerging Trends in Computer Science' (IWETCS'23), arranged by Jayaraj Annapackiam College on January 12, 2024.

KEY PROJECTS

1. Bug Tracking System | GitHub | Demo (March 2023 – June 2023)
Technologies Used: Python.

- Developed a Python-based system that optimizes bug detection and prioritization by applying data reduction techniques.
- Impact:** Improved debugging efficiency, reduced issue resolution time, and enhanced software reliability by prioritizing critical bugs.

2. Food Donate Web Application | GitHub | Demo (March 2024 – July 2024)
Technologies Used: Python, Flask, MySQL, JavaScript, HTML/CSS.

- Designed and developed a web application for user registration, food donations, requests, and real-time volunteer management.
- Impact:** Contributed to reducing food waste by providing a platform for seamless donation processes, improving community welfare, and enabling real-time communication between volunteers and administrators.

3. AI-Powered Nutrition Analyzer | GitHub | Demo (August 2024 – September 2024)

Technologies Used: Python, Flask, MySQL, JavaScript, HTML/CSS.

- Developed a machine learning-based application to analyze food intake, calculate nutritional values, and offer personalized dietary recommendations.
- **Impact:** Empowered users to make healthier food choices by offering personalized insights based on their nutritional needs, promoting better dietary habits, and overall wellness.

CERTIFICATIONS AND TRAINING

- Successfully completed ‘**Red Hat System Administration I (RH124)**’ course at Solamalai College of Engineering on August 3, 2023.
- Earned Certificate of Completion in ‘**Basics of C and Python**’ from Great Learning Academy.
- Completed ‘**Learning Data Analytics**’ from LinkedIn Learning on January 13, 2025.

PROFESSIONAL EXPERIENCE

A L Technology Services Pvt. Ltd. – Madurai, Tamil Nadu

Title Searcher

Apr 2025 – Aug 2025

- Handled data entry and documentation tasks using MS Excel, MS Word, and custom tools; maintained and updated client information accurately while coordinating with team leads to ensure minimal errors and high productivity.

Python Development Intern | GitHub

February 2024 – March 2024

AlgoPine (Virtual Internship)

- Developed Python-based applications focused on software development, system design, and problem-solving, including a Cinema Ticket System and an Online Voting System ensuring secure user experiences.

Awards & Honors

- Received the ‘**Best Performer**’ trophy in the Employability Skills Development Program by Titan Leap, Naandi Foundation (2023–2024)
- Secured ‘**Second Place**’ in the Idea Hackathon organized by the Research, Innovation, and Entrepreneurship Cell at Solamalai College of Engineering (March 14, 2024).
- Secured ‘**Third Prize**’ in Carrom at the 27th Annual Sports Day at Solamalai College of Engineering.

TECHNICAL SKILLS

- | | |
|---------------------|--------------------------------------|
| • Languages | : C, C++, Python, Java, PHP (Basic). |
| • Frontend | : HTML, CSS. |
| • Database | : MySQL. |
| • Frameworks | : Flask, Django (Basic). |

SOFT SKILLS

- | | |
|-------------------|---------------------|
| • Problem-Solving | • Critical Thinking |
| • Teamwork | • Adaptability |

DECLARATION

I hereby declare that the above information is true and accurate to the best of my knowledge.
